Professional Summary

I began developing Web sites in 1999, hand-coding HTML. Starting from just a simple personal website, as technologies advanced I began to create larger, more elaborate sites using CSS, JavaScript, Flash, and various other coding platforms. I am looking for greater challenges and the opportunity to increase my web technology skills in a corporate environment.

Qualifications

Programming & coding:

- Plan, design, develop, deploy and maintain commercial and personal websites
- Hand-code content using HTML, DHTML, XHTML, CSS, Perl, & JavaScript
- Work extensively with Dreamweaver & Homesite to design and develop sites.
- Developed groupware interface using PHP and MySQL.
- Instituted standards for site design and development.
- Create Flash components and integrate into web pages
- Design and develop databases in MS Access and MySQL.

Graphic design:

- Develop and optimize graphics with Adobe Photoshop and Paint Shop Pro
- Create, edit, and optimize graphics for site design, advertising, and product presentation.
- Published a newsletter including graphics and articles as well as editing and writing articles
- Developed and designed logos, business cards, letterhead, advertising, and promotional materials.
- Developed content, wrote copy, and designed graphics for a procedures manual
- Prepared sales proposals, presentation materials, sales flyers, and catalog

Production software:

- Carry out version control using DocFactory and WebPublisher
- Create and maintain content with Interwoven CMS
- Develop spreadsheet solutions with MS Excel
- Develop instructional guidelines and text content with MS Word

Operating environments:

- Have worked extensively in Win XP Pro, and have some background in DOS, Windows 3.1/95/98, Mac, and Linux.

Education, Degrees & Certifications

- Associate of Applied Science, Computer Information Systems, 4.0 GPA, Highest Honors, Portland Community College, March 2007
- Web Development Certificate, 4.0 GPA, Highest Honors, Portland Community College, March 2004
- HTML 3.2 Certification, Brainbench, 2000
- A+ Certification, CompTIA, December 1999

Organizations & Achievements

- Phi Theta Kappa Society
- National Dean's List, 2006, 2007
- First Place Award, Beadwork Design, Oregon State Fair, 2002
- Second Place Award, Beadwork Design, Oregon State Fair, 2002
